Do not change Wisconsin's do not call list!

Just look at the statistics on how many people throughout WI have signed on to the no-call list. Obviously there was a problem - and the solution of the no-call-list has significantly reduced the annoying marketing calls I used to get & I don't want that to change at all! It was a program where one could easily know the effect - less phone ringing!

With the federal law - businesses whom someone has done business with in the past, as well as their affiliates can call up to 18 months after they provided you service. That is ridiculous. If their service was good enough, I will go back to them. If not, I don't want to have marketing calls for a year & a half after the fact. It is ridiculous!

More States should follow the strict WI do-not-call list program. It is something I don't want to see changed. If it ain't broke, don't fix it!

Gentlemen,

Please add my name to your list of individuals who do not want the "No Call" order discarded.

I am an arthritic 80 yr. old woman who finds it most annoying after putting myself from my chair to answer the phone to find it an annoying telemarketing call.

I am still able to decide if/when I am in need of any services and am able to make the necessary calls when I need to.

Please do not discard the "No Call" list.

RE: *Do Not Call List*

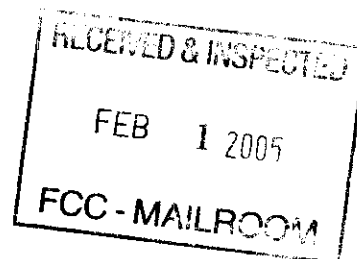

Please add my name to those of other Wisconsin residents who oppose the federal government's proposal to preempt our *Do Not Call List* in favor of their version of such a list. We simply cannot afford to let our law be gutted this way, and return to the days when you could neither prepare nor eat a meal in peace, without having unwanted sales calls intrude on your personal time.

I personally worry that these calls victimize some of our most vulnerable citizens, who cannot evaluate their worth or validity when they hear the sales pitches. And once they've been taken, they do not know how to obtain recourse, if such is even available. These callers are so often extremely pushy, refuse to take no for an answer, and the only way to get out from under their aggressiveness is to hang up - which meeker individuals are hesitant to do.

Please do what you can to preserve Wisconsin's *Do Not Call List* law. Thank you.

Sincerely,

Elizabeth J. McGlynn

United States Federal Government

Dear Commission Members,

The Wisconsin No Call list put into effect here has been one of the most useful pieces of legislation the citizens have enjoyed. Professionally, I am a member of the clergy and talk with a number of elderly people. Telemarketers were more than a nuisance. Their telephones are their link to the outside world and family.

The current law has brought much praise from that population.

Any effort to weaken the no call law Wisconsin now enjoys will put a burden upon persons who are elderly.

Personally, I applaud the no call law because I cannot do what many citizens have done....have all calls answered by an answering machine. Because my wife and I serve the public we have to answer the telephone when it rings. Elisabeth is a counselor for one of our public school.

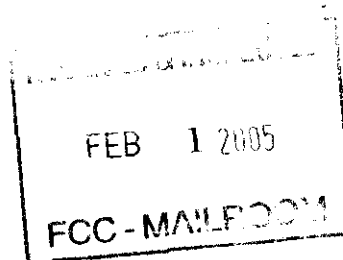

The current law is a blessing to us for the times the phone does ring we know there is someone who needs to reach us.

Thank You for your attention and we hope you will leave the Wisconsin No Call law as is.

As for persons or companies with whom I have once done

Attn: Wisconsin Consumer Protection

I am making a request that our state's Do Not Call list be protected. To continue to have our homes invaded by the sales calls is a nuisance. Our homes should be a sanctuary NOT an open borum for sales, sales and more sales!!

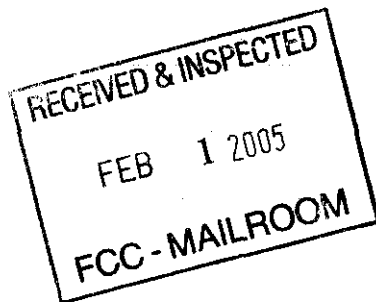

Please forward my letter on to the Federal Communications Commission with my permission.

Sincerely,

Hinda M Gasper

Dear Mr. Beulen,

We are people in our 70's and 80's who have been happily with our names on the "No Get Paid" list. We know how what it is like to have to get up to answer the phone and either get no answer or come in saying we will give something for a while and then about?

Please do not let anyone over-ride this bill.

Our best wishes to you,

Jim R. Beulen

Greetings!
Please add my name to
your list of people who Don't
want to be: killed, tortured,
arrested etc. by "Federal",
hate-mongers / "do-gooders" who
want our Wisconsin (Do-not call)
abolished. "Go get 'em"! Fight!

Sincerely,

Please protect our
privacy. we do not
want the commission
"DO NOT CALL" lists changed
to conform or comply with
the National do not call
(policy) registry.

We are senior citizens
and I am disabled. It
is very distressing to be
troubled or bothered with
harassment - unwanted
calls.

Thank you,

Mike Renner
